VOTER REGISTRATION GUIDANCE FOR DISPLACED RESIDENTS

If you've been temporarily displaced by the recent wildfires, you can keep your voter registration at your residential (home) address and add a temporary mailing address to ensure you continue receiving election materials.

This ensures you can vote in elections tied to your home address without changing your voting districts. Updating your mailing address does not affect your eligibility to vote in local elections.

How To Update Your Voter Registration

You have two simple options to update your mailing address:

Option 1: Online

1. Visit LAVOTE.GOV or RegisterToVote.ca.gov to re-register to vote.
2. Enter your residential (home) address in the "Home Address" section.
3. In the "Mailing Address" section, check the box that says your mailing address is different from your home address.
4. Enter your temporary mailing address.

Important: Only update your mailing address. Do not change your home address unless you have permanently relocated. Your home address determines your voting districts.

Option 2: Phone

- Call **(800) 815-2666, option 2** for help updating your registration with a mailing address.

If You've Permanently Relocated

If you've permanently moved, you should update your home address. This change will update your voter record and determine your eligibility to vote in local elections and contests tied to your new residential address.
