

LOS ANGELES COUNTY REGISTRAR-RECORDER/COUNTY CLERK

DEAN C. LOGAN

Registrar-Recorder/County Clerk

May 29, 2026

TO: Supervisor Hilda L. Solis, Chair
Supervisor Holly J. Mitchell
Supervisor Lindsey P. Horvath
Supervisor Janice Hahn
Supervisor Kathryn Barger

FROM: Dean C. Logan 
Registrar-Recorder/County Clerk

ELECTION STATUS UPDATE – JUNE 2, 2026 STATEWIDE DIRECT PRIMARY ELECTION

This report is to inform the Board of our preparation and operations for the June 2, 2026 Statewide Direct Primary Election. This election status update supports the Department's ongoing commitment to fair, accessible, and transparent election services. There are approximately 5.89 million registered voters for this election.

Vote by Mail

The Department completed the initial mailing of Vote by Mail (VBM) ballots to all active registered voters on Monday, May 4. The Department issued 5,903,040 VBM ballots as of May 27 and 513,855 have been returned. The close of registration was on Monday, May 18, and all voters who registered by the deadline were mailed a VBM ballot. The last day to request a VBM ballot or replacement VBM ballot was Wednesday, May 26. The Department encourages VBM as the safest and most convenient voting option and we ask voters to return those early to ensure timely receipt and processing.

Multiple VBM resources are available on our [website](#). Voters may request to receive their VBM ballot and materials in English and 18 additional languages. Voters may sign up for "[Where's My Ballot?](#)" to track their ballot and request a replacement VBM ballot. The [Ballot Drop Box Locator Tool](#) assists voters in finding a drop off location to return their ballot on or before 8:00 p.m. on June 2.

Additionally, the Department has promoted messaging to voters, if they are choosing to return their ballots by mail, to put the ballots in the mail early to ensure on-time delivery and receipt. The Department is monitoring the current situation with the Federal government and Executive Orders targeting VBM options. As of the time of this report,

there are no changes to our processes or procedures when processing VBM ballots. Ballots must be received or postmarked by Election Day to be counted. Any ballots received within 7 days of the election will be processed if postmarked by Election Day or earlier. Voting by mail remains the most popular voting option for Los Angeles County voters.

Vote by Mail Ballot Return Options

Voters have three options for returning their VBM ballot:

- (A) Ballot Drop Box: There are 424 Ballot Drop Box locations for this election and they opened on April 30. The majority of Ballot Drop Boxes are available 24 hours a day. Voters may return their VBM ballot at any Ballot Drop Box up to 8:00 PM on Election Day. Ballots are retrieved from Ballot Drop Boxes daily by authorized County staff. A list of the six Ballot Drop Box locations closest to a voter's address was included in the VBM packet. The Ballot Drop Box Locator Tool assists voters with finding a location and is available on our [website](#).

- (B) United States Postal Service (USPS): Voters may return their VBM ballot by mail using the postage-paid return envelope provided in their VBM packet. VBM ballots returned through USPS must be received on or before Election Day. Based on California law, VBM ballots returned with a postmark on or before Election Day and received within 7 days following the date of the election are legally valid for the election.

- (C) Vote Center: Voters may return their voted ballot at any Vote Center. Vote Centers are open daily from May 23 through June 1 between 10:00 AM – 7:00 PM, and on Election Day, 7:00 AM – 8:00 PM. A postcard listing the Vote Center locations nearest a voter's residence is mailed to every registered voter. The Vote Center Locator Tool assists with finding a location and is available on our [website](#).

Vote Centers

In-person voting services at the Registrar-Recorder/County Clerk (RR/CC) Headquarters, in Norwalk began on May 2 and remain available Monday through Friday from 8:00 AM – 5:00 PM. On Election Day (June 2), those hours extend to 7:00 AM – 8:00 PM.

A total of 645 Vote Centers located across the County are secured and scheduled for this election. Vote Centers are open daily from 10:00 AM – 7:00 PM before Election Day and 7:00 AM – 8:00 PM on Election Day. The [Vote Center Locator Tool](#) assists voters in finding a location of their preference, and includes driving directions, and a wait time indicator.

A Vote Center Mailer listing the nearest 11-day location and the three nearest 4-day locations to a voter's residence was mailed to all registered voters. The mailer includes information on how voters can expedite their in-person experience using the Quick Check-In Code provided in the Sample Ballot or pre-marking their selections using the Poll Pass, and options for returning VBM ballots. This mailing was completed on May 18.

The first 122 Vote Centers opened on Saturday, May 23. There have been 18,292 voter check-ins across the County as of May 27. An additional 523 Vote Centers will open on Saturday, May 30 bringing the total number of Vote Centers to 645.

Emergent Issues

The Department is monitoring the emergency situation related to the Sandy Fire in the Simi Valley area. The Sandy Fire is outside of Los Angeles County and is not directly impacting any Vote Centers or Ballot Drop Boxes at this time. There are multiple Vote Centers and Ballot Drop Boxes located outside the current evacuation warning areas. The Department is prepared to activate and deploy contingency resources if necessary. Ballots are being retrieved daily from all ballot drop boxes, including those directly outside of the fire evacuation warning areas. The Sandy Fire is currently 94% contained, and we continue to monitor the situation.

On May 24, an industrial fire event in the city of South Gate resulted in power outages and a shelter-in-place order for the area. The Department identified two Vote by Mail Drop Boxes within the shelter-in-place boundaries, and a strike team was dispatched to retrieve any ballots in the boxes. The situation has since been resolved, and operations in the area are back to normal. We continue to monitor the situation in Garden Grove (Orange County). Currently, there is no anticipated impact within Los Angeles County, but we are prepared to respond if those conditions change.

Voter Turnout

We have observed a higher turnout rate for this election than for similar elections at this point. The early returns are positive, and we continue to encourage voters to return their VBM ballots early to ensure they are counted in a timely manner. The table below details the current overall turnout by method.

Method	Votes
Vote Centers	18,292
Vote by Mail	513,855
Total	532,147

Over 8% of registered voters have voted in this election, which is 0.76% higher than the 2022 Gubernatorial Primary at this same point in the election. There is the potential for significant turnout at Vote Centers, which may result in lines on Election Day. We are

prepared to respond to increased demand with additional capacity through our contingency resources and staffing reserves.

Election Results Reporting

The official election tally will begin on June 2 at 8:00 PM at the Los Angeles County Ballot Processing Center in the City of Industry. The election results update schedule is as follows:

- Ballot Tabulation Begins: June 2 at 8:00 PM
- Vote by Mail ballots processed on or before Election Day: 8:15 PM – 8:30 PM
- Vote Center ballots cast before Election Day: 8:30 PM – 8:45 PM
- Vote Center ballots cast on Election Day: 9:30 PM – Until Complete

The remaining ballots will be processed and tallied during the Official Canvass Period. Subsequent election results updates will include VBM ballots returned on Election Day, and those postmarked by Election Day and received up to 7 days after Election Day.

The Canvass Update Schedule is as follows:

Monday	Tuesday	Wednesday	Thursday	Friday
-	-	June 3	June 4	June 5
June 8	June 9	June 10	June 11	June 12
-	June 16	-	June 18	-
-	-	June 24	-	June 26

Additional election results may take place over the weekend, if required. The Department is scheduled to certify the election results on Friday, June 26.

Mobile Vote Centers and Voting in Jails

Mobile, Flex, and Pop-Up Vote Centers are deployed across the County. The Department has scheduled 42 Mobile Vote Center events at a mix of large-scale, high-traffic events and locations. 71 Flex Vote Center events are scheduled to deliver voting services, focused on geographically isolated voters, seniors, voters with disabilities, people experiencing homelessness, justice-involved, and underserved communities. The Voting in Jails Program will be conducted leveraging our Flex Vote Centers at all County detention facilities in partnership with the Sheriff's Department.

For contingency purposes, 5 Pop Up Vote Center teams are deployed across the County. These teams respond to service disruptions at Vote Centers and allow the Department to quickly restore voting services. Mobile and Flex Vote Center teams serve as contingency resources on Election Day, increasing our contingency capacity to twenty teams. These teams can be deployed as needed to assist with a variety of issues such as equipment failure, staffing challenges, and expanding capacity at high turnout Vote Centers.

Additional Mobile Vote Center resources are being deployed to serve voters in the areas impacted by the Eaton and Palisades fires.

Election Media Campaign and Community Engagement

The Department's voter education and outreach campaign has entered the final phase of the June 2 Statewide Direct Primary Election, with focused messaging encouraging voters to vote early, return Vote by Mail ballots, and utilize the many voting options available throughout Los Angeles County. Current outreach efforts emphasize Official Ballot Drop Boxes, Vote Centers, Vote by Mail return options, and key Election Day reminders.

The RR/CC recently updated and redistributed its multilingual community engagement toolkit with the latest Get Out The Vote (GOTV) materials and outreach assets. The toolkit provides community-based organizations, County partners, universities, service providers, and stakeholder networks with ready-to-use multilingual voter education resources to support trusted, community-based voter outreach efforts.

On May 27, the RR/CC participated in a community press conference in South Los Angeles alongside trusted community partners, including AltaMed and SELA Collaborative, to promote civic participation and reinforce the connection between civic engagement and community well-being. The event supported continued outreach to historically underserved and low-propensity voter communities.

The Department continues to actively monitor news coverage, social media activity, and emerging narratives to identify and respond to election-related misinformation and disinformation. Concurrently, the RR/CC is conducting ongoing English and Spanish-language media interviews with regional, local, hyperlocal, and multilingual outlets to ensure voters remain informed about voting options, Election Day operations, ballot processing, and what to expect after Election Day.

Services for Fire-Impacted Areas and Voters

Over a year later, the devastating impacts of the Eaton and Palisades Fires continue to be felt by Los Angeles County residents. The Department continues efforts to assist voters in fire-impacted areas and provide them with the information and services they need to vote. A page on our [website](https://www.lavote.gov/recovery) has been created <https://www.lavote.gov/recovery> to provide critical information on voter registration, including adding a temporary mailing address, receiving notices when a temporary change of address is filed with the United States Postal Service, and accessing vital records.

In the lead up to the election, our voter education and outreach teams have been onsite in the Palisades and Altadena areas on a weekly basis and we continue direct contact with voters registered in the fire zones.

The Department's paid advertising and outreach campaign began on May 1. A portion of that campaign is dedicated specifically to outreach to these voters, including print and radio elements. This campaign continues through Election Day and reflects our commitment to clearing barriers to voting.

New Election Laws for 2026

The legislative landscape for elections remains dynamic. On May 27, Governor Newsom signed SB 73: Elections (Cervantes) into law. This legislation aims to protect California elections from interference and intimidation by strengthening existing election safeguards. The requirements of this bill are as follows:

- The California Attorney General will provide guidance on how to respond to law enforcement requests to access areas where official election activities, such as voting and ballot counting, take place.
- Law enforcement is prohibited from interfering with election operations.
- Law enforcement may not access, disrupt, modify, or take possession of rosters or voting lists unless authorized by a court order.
- Law enforcement can support elections in their official capacity, assuming there is no objection from the California Attorney General or Secretary of State.
- Law enforcement is prohibited from taking possession of voting equipment or certified voting technology.

This bill was passed with urgency and took effect after the Governor signed it. During the press conference, the Governor indicated that this bill was the first of other bills intended to safeguard California Elections.

The Department has prepared to ensure election operations align with the new election laws passed in 2025. The following laws are brought to the Board's attention:

AB 5 (Berman) Elections: official canvass

This bill requires the elections official to finish counting all ballots and release the results on or before the 13th day following the election. Exceptions for certain ballot categories are allowed, and any extensions must be filed with the California Secretary of State.

The Department has taken steps to ensure our ability to meet the deadline for completing ballot counting including strategic increases in staffing levels, additional training, preparations for additional as-needed staffing, and continuing the use of a night shift. Additional ballot processing equipment and resources will be implemented before the general election, when we expect a larger turnout.

It is important to note that even with compliance with AB 5, valid ballots will remain to be processed and counted leading up to and through the date of certification, June 26. Additionally, State Law allows ballot curing through the day before the final returns are certified.

AB 287 (Lackey) Elections: polling places and vote centers

This was a county-sponsored bill that requires public buildings serving as Vote Centers to provide accessible parking, curbside voting parking spaces, and space for the storage of election equipment and materials.

By making accessible parking and curbside voting spaces a statutory requirement, this bill has better equipped the Department in negotiating with locations during Vote Center recruitment. This strengthened negotiating position improved our ability to offer accessible parking and curbside voting for Los Angeles County voters.

AB 1392 (Sharp-Collins) Elections: voter registration information: elected officials and candidates

This bill protects the residence address, telephone number, and email address of federal, state, or local elected officials or candidates from being disclosed through voter registration records, except under specified conditions.

The Department worked diligently to ensure the new program was implemented in time for the June Statewide Direct Primary election. Currently, there are 637 candidates and 107 elected officials whose records have been made confidential under AB 1392. The Department has reminded participating candidates and elected officials of the impact that confidentiality status will have on voting in-person. New legislation was introduced in 2026 to amend and clarify provisions in AB 1392, and the Department will continue to monitor and adjust accordingly.

Election Resource Liaisons

In response to emerging risks and the potential for disruptions where traditional local law enforcement response may be limited, the Department has initiated a new program, the Election Resource Liaisons (ERLs) program, in partnership with the Los Angeles County Commission on Human Relations (HRC). This program provides an additional, non-law-enforcement layer of support focused on de-escalation, voter protection, and maintaining safe voting environments.

The Department and HRC have expanded and improved the ERL Program for the June Election. Approximately 50 ERLs will be deployed across Los Angeles County beginning May 30. These teams are strategically assigned to areas identified as having a higher likelihood of potential disruption based on research conducted by the Los Angeles County Economic Development Corporation. ERLs are trained to engage and de-escalate situations, including those involving federal law enforcement agents, observers, protesters, and anyone engaged in electioneering or whose actions may disrupt voting operations or impact voting access.

Election Observer Program

The Department conducts an extensive *Election Observer Program* as part of our commitment to open and transparent elections. The Election Observer Program

provides an opportunity for public observation of election processes to maintain integrity, encourage participation, and build voter confidence. Election Observers are provided with access to Vote Centers, Check-in Centers, and the Ballot Processing Center to observe voting and election procedures. Observable activities occurring at the Ballot Processing Center are:

- Logic and accuracy testing of the voting system to conduct a central count of Vote by Mail (VBM) and in-person ballots.
- VBM operations (incoming ballots, Automated signature verification, data processing, ballot extraction, remakes, Ballot preparation for tally).
- Processing provisional and conditional ballots received at the Vote Center.
- Ballot transportation and delivery at a Check-in Center.
- Ballot intake, preparation, and storage.
- Vote tally and reporting on Election Night.
- Post-election canvassing and retention of election materials.

The Election Observer Program at the Ballot Processing Center began on Monday, May 4 and runs through June 26, the tentative date for the certification of the election results. Election observers are encouraged to check the public schedule of events on the Public Observation [page](#) and must comply with all Election Observer Panel Plan Rules and Guidelines.

Election Worker Recruitment Efforts

The County Employee Election Worker Program (CEEWP) continues to be a success and an example of countywide collaboration. For this election, 4,133 County Employee Election Workers have been recruited and trained. These county employees will serve as Leads, Assistant Leads, and Clerks at Vote Centers. We are pleased to report that many of these employees have served as Election Workers in the past, bringing valuable experiences with them. Their continued service in support of the election reflects the importance of the service and the dedication of the county workforce.

Multilingual election workers are a critical component of the Department's in-language access to voting services. These workers are provided in addition to the in-language Ballot Marking Device experience, in-language VBM ballot experience, and multilingual hotline that can be accessed at any Vote Center for assistance in any of our supported languages.

Internal recruitment targets are set using a data-driven process that considers Census data and information modeled on a surname survey conducted by Asian Americans Advancing Justice Southern California. The Department assigns multilingual election workers where their skills are most needed based on the needs of the community. Election worker recruitment targets are on track for 18 of the 24 languages supported with oral assistance at a Vote Center. The recruitment status for the six remaining languages is as follows:

Korean 189 recruited of 253 recruitment goal	Japanese 61 recruited of 194 recruitment goal	Khmer 86 recruited of 192 recruitment goal
Thai 97 recruited of 179 recruitment goal	Lao 1 recruited of 8 recruitment goal	Hmong 0 recruited of 2 recruitment goal

The recruitment of multilingual election workers was particularly impacted by the implementation of new languages based on Secretary of State language designations provided in December of 2025. Multilingual election worker recruitment began in January, and the recruitment sprint continues as we head into the voting period. The Department is exploring additional staffing options for the most difficult to recruit languages.

All Vote Centers are equipped with phones and direct line numbers to the Multilingual Hotline where live translators are ready to assist in 24 languages, as needed. Based on the high need for Spanish-language assistance, the Department has increased the number of people available to respond to calls in Spanish; assistance requested in other languages has come in at a steady but lower rate.
