INTRODUCTION

The purpose of this booklet is to provide information on where to write to obtain certified copies of birth, death, and marriage records for California's counties, the United States, and outlying areas.

The booklet is arranged in alphabetical order by the place of event. The cost per copy for each record is listed, be advised fees are subject to change.

An official certificate of every birth, death, and marriage should be on file in the locality where the event occurred. These certificates are prepared by physicians, funeral directors, other professional attendants, hospital authorities, or the person performing the marriage ceremony.

The Federal Government does not maintain files or indexes of these records. They are permanently filed in the central vital records office of the state where the event occurred, or at local governmental offices.

To obtain a certified copy of a certificate, contact the vital statistics office in the state or area where the birth, death, or marriage record was filed.

Include all pertinent names and addresses in the letter request and send a money order or personal check in the amount indicated for a certified copy. Offices cannot refund cash lost in transit. Some jurisdictions, however, accept money orders only for mail requests.

It is advised to visit the appropriate office's website or call ahead to see what exact information is needed to order a record.
