▲ No. The Ballot Marking Devices are not connected to the Internet or any network source.

▲ No. The BMD does not count votes. All paper ballots cast in a BMD are securely transported to the Ballot Processing Center every night and counted on Election Night.

Q DO I NEED TO PROVIDE IDENTIFICATION TO VOTE AT A VOTE CENTER?

TRANSPORTING BALLOTS FOR TABULATION

On Election Night, ballots from all Vote Centers are brought to the RR/CC Ballot Processing Center (BPC) in the City of Industry for central tabulation.

After the Vote Centers close at 8 PM, Election Workers will secure the voted ballots in sealed ballot boxes and account for unused ballots. Election Workers will also separately package Vote by Mail ballots that were dropped off at Vote Centers. All materials and quantities are accounted for in the Official Ballot Statement. Then Election Workers transport the ballots to designated Check-In Centers located throughout the County.

Sheriff Deputies transport the voted ballots from the Check-in Centers by car, helicopter or boat to the BPC. Ballots come in from as far away as Lancaster, Palmdale and Catalina Island.

Between 10:30 – 11:30 PM a large number of ballots begin to arrive at the BPC.

Prior to tabulation, all ballots must be checked in, removed from boxes, inspected and prepared for counting.

Ballots are moved to the tabulation center in a continuous flow. There, operators load the ballots onto scanners for tabulation.

MEDIA & COMMUNICATIONS AT THE VOTE CENTER

Visiting a Vote Center

The voting period and Election Day is an exciting time. **Reporters, journalists, and various media representatives are allowed to visit any Vote Center and capture voting activities.** However, there are guidelines that the media must follow to ensure we maintain a positive and smooth voting experience.

The Registrar-Recorder/County Clerk (RR/CC) Media Team advises media members to provide notice before visiting a Vote Center. When the RR/CC Media Team is notified a representative from the team will contact the Vote Center Leads.

If a media member arrives without providing advance notification, Election Workers **do not** need to report or call the RR/CC or RR/CC Media Team unless they are disrupting the voting process.

Media Are Allowed To:

- Enter the Vote Center
- Take photos and videos of the interior of the Vote Center
- Take photos and videos of the exterior of the Ballot Marking Devices (BMDs) while occupied
- Take photos and videos of the interior of a BMD if unoccupied
- Take photos and videos of voters and/or Election Workers
- Conduct interviews with voters -- if a voter agrees, the interview should be conducted outside of the Vote Center

Media Are Not Allowed To:

- Block the entrance, exit, or pathway to the Vote Center
- Take photos or videos of the interior of the Ballot Marking Devices (BMDs) while occupied by voters
- Take photos or videos of voted ballots before they are deposited inside the BMD (this violates voter's privacy)
- Conduct interviews with Election Workers
- Take photos or videos of voters or Election Workers who express they do not want to be photographed or on camera

Additional Information

- Direct all media members to send their questions, inquiries, or requests directly to the RR/CC Media Team
- Only the RR/CC Media team is authorized to speak to members of the media
- Activities construed as "Electioneering*" are prohibited within 100 feet of the Vote Center

**Electioneering: The practice of working actively to secure votes for a candidate or ballot measure in an election.*

VOTER'S CHOICE
CALIFORNIA

You choose **when, where, and how** to vote

The California Voter's Choice Act is a new law passed in 2016 to modernize elections in California by allowing counties to conduct elections under a new model that provides greater flexibility and convenience for voters.

This new election model allows voters to choose when, where, and how to cast their ballot by:

- Expanding in-person early voting options
- Allowing voters to cast a ballot at any Vote Center within their county

More information on the California Voter's Choice Act can be found at **sos.ca.gov**.

BALLOT MARKING DEVICE

The benefits of technology for an easy and accessible voting experience - with a paper ballot.

The Ballot Marking Device makes it easy for voters to customize the voting experience to fit their needs. Voters can access 19 languages, adjust the touch screen to a comfortable angle, change the display settings such as text size and contrast or go through the ballot using the audio headset and control pad.

Security remains a top priority for Los Angeles County, that's why this device is not connected to a network or the internet. The easy-to-follow instructions can guide any voter through the voting process without the need for assistance.

Previously, voters with mobility or visual challenges were asked to go to a separate voting booth; not any more. The Ballot Marking Device provides all the accessibility features previously available and upgrades them all into one device.

HOW TO VOTE ON THE BALLOT MARKING DEVICE (BMD)

1. Tap to start

2. Select language

3. Insert ballot

4. Make selections

5. Review selections

6. Cast ballot

SAVE TIME AT THE VOTE CENTER

Interactive Sample Ballot

This election may include a large number of candidates appearing on the ballot. To ensure a timely and positive voting experience we encourage in-person voters to utilize the Interactive Sample Ballot (ISB). The ISB is a convenient option for voters who want to access and mark their selections prior to arriving at the Vote Center. Using a computer, mobile phone or personal device voters' can review their ballot information and make their selections. After going through the selection process the Interactive Sample Ballot creates a Poll Pass (QR code) – like an airline boarding pass.

At the Vote Center, voters scan the Poll Pass to transfer their selections to the Ballot Marking Device (BMD). Then, a review screen will display allowing voters a chance to make changes or cast their ballot.

Access your Interactive Sample Ballot at LAVOTE.GOV/ISB

Quick Check-in Code

Take the Quick Check-in Code on your Sample Ballot to any Vote Center. This allows Election Workers at the check-in table to quickly find and print your official ballot.

You can also access your Quick Check-in Code at LAVOTE.GOV

ELECTRONIC POLLBOOK

The Electronic Pollbook (ePollbook) has replaced the paper precinct list of voters and provides Los Angeles County and voters with a modern and secure check-in experience.

Election Workers now have the ability to update voter registration information in real-time allowing voters to visit any participating Vote Center in the Los Angeles County. Voters can securely update their registration information, leave their Vote by Mail ballot at home and still cast a standard in-person ballot, and eligible voters who missed the registration deadline can visit any Vote Center and cast a ballot through Conditional Voter Registration.

The ePollbooks are not connected the Ballot Marking Device or the Tally System to protect voter information and anonymity.

VOTE BY MAIL AND EARLY VOTING OPTIONS

Vote by Mail (VBM)

All registered voters in Los Angeles County have been issued a Vote by Mail ballot.

Voters can track the status of their mailed Vote by Mail ballot by subscribing to Where's My Ballot ([California.ballottrax.com](https://california.ballottrax.com)) free of charge. Real-time notifications are sent to text message, email, or voice message on the mailing of the ballot, and also notifies voters when their ballot is received and counted by the Registrar-Recorder/County Clerk.

Voters are encouraged to participate in the election by returning their Vote by Mail ballot by mail (no postage required) or dropping it off at any participating Ballot Drop Box or Vote Center.

Ballot Drop Box

Los Angeles County has 400+ Ballot Drop Boxes throughout the County to provide voters with a safe and secure alternative to return a Vote by Mail ballot. All Ballot Drop Boxes are available beginning 29 days prior to Election Day.

A list of Ballot Drop Boxes near the voter's home is included in the Vote by Mail packet. A full list of participating drop box locations and hours can be found on LAVOTE.GOV. All Ballot Drop Boxes will close at 8 PM on Election Day.

Early Voting

Voters do not need to wait until Election Day to cast a ballot. The Registrar's Norwalk Headquarters is open for in-person voting 29 days before Election Day, and Vote Centers open as early as 10 days before Election Day. A full list of Vote Center locations will be available on LAVOTE.GOV.

Conditional Voter Registration

Eligible voters who live in Los Angeles County and miss the registration deadline can still cast a ballot by visiting any participating Vote Center. Under California Election Law, Conditional Voter Registration (CVR) allows a prospective voter to conditionally register and cast a ballot. Once at a Vote Center, the voter will be handed a CVR ballot to mark their selections. When the voter is ready to cast, they will hand that ballot to the Election Worker to verify voter eligibility during the Official Canvass Period. Once the Registrar-Recorder/County Clerk verifies eligibility the ballot will be counted.

SAFE ELECTION PLAN

The Los Angeles County “Safe Election Plan” aligns with the latest best practices to prevent illnesses such as COVID-19, flu, and colds. These were developed in consultation with relevant health authorities using the best public health information available.

Vaccination

Election Workers will be encouraged to stay up to date with their vaccines and boosters.

Masks

- Optional face masks will be available for voters.
- Optional face masks and N95 masks will be available for Election Workers.
- The RR/CC will follow current mask rules and public health guidelines, such as return-to-work guidelines for individuals who are recovering from a COVID-19 case.

Hygiene

- Hand sanitizer will be available for voters and workers.
- The importance of hand washing and sanitizing will be emphasized in Election Worker training.

Cleaning

- Cleaning of ePollbooks, Ballot Marking Devices (BMDs), and other frequently used surfaces in the Vote Center.

Ventilation

- Doors and windows will be propped open, when possible, to increase fresh, outdoor air.

Limit exposure to sick and exposed persons

- Election Workers with COVID-19 cases will be excluded from the Vote Center until they meet public health return-to-work guidelines.
- Election Workers returning to the Vote Center after a COVID-19 case will follow public health guidelines to wear a well-fitting mask through day 10.
- Election Workers with close contact exposure will follow current DPH masking and testing requirements.

Ongoing aspects of the voting process that also support COVID-19 prevention.

- All voters are provided a VBM ballot and have the option to vote from home.
- All voters are encouraged to take measures to speed up their election process, which limits their time in the Vote Center. These include verifying voter registration in advance, using the Interactive Sample Ballot (ISB) to pre-mark selections, and bringing their Sample Ballot to speed up the voter check-in.
- BMDs are spaced out to support privacy and accessibility.
- Vote Center layouts use one-directional traffic flow when possible.
- All voters are encouraged to take advantage of early voting and voting at off-peak times if possible.

CANVASS: FINALIZING THE VOTE

Finalizing the Official Vote Tally (Canvass)

Counting ballots does not end on Election Night. The Registrar's office makes sure all ballots cast are counted. After Election Night there are tens of thousands of ballots that need to be counted, including Vote by Mail ballots received on Election Day, provisional ballots, write-in ballots, and damaged ballots. These ballots are counted during the 30-day period known as the Official Election Canvass. Provisional ballots require additional review to verify voters are eligible to vote and write-in ballots were cast for qualified candidates.

California state law requires the RR/CC to complete and certify the results within 30 days. This provision of the law recognizes the complexity of completing the ballot count and conducting a thorough audit of the election results to ensure accuracy.

The legally mandated processes described above are utilized to guarantee that every eligible vote is counted and included in the official final election returns.

Auditing the Election Results

By law, a random sample of ballots from every election must be manually tallied to verify Election Night machine counts. A minimum of all votes cast in one percent (1%) of the precincts is included in this process, which is known as the 1% Manual Tally Audit. The 1% Manual Tally Audit is open to the public. (E.C. 15360)

Public Observation

Every citizen has the right to observe the Official Election Canvass process. Candidates and the public are invited to observe the ballot counting and auditing process by joining the Election Observer Program. The program is part of Los Angeles County's commitment to conducting open and transparent elections.

Election observers have the opportunity to observe the logic and accuracy testing of the election systems equipment, Vote by Mail ballot processing, Election Day activities at Vote Centers and Check-in Centers, tally center operations and post-election processing.

Any voter of the state may file a request (E.C. § 15620). For more information download our booklet at LAVOTE.GOV.

Timing of Request

The request must be filed within five (5) calendar days, after the completion of the official canvass. The RR/CC is not open on weekends or holidays. If the deadline falls on the weekend or holiday, the date will be moved to the next business day (E.C. § 15).

Exceptions

- For statewide recount contests, the request may be filed with the Secretary of State's Office within five (5) days beginning on the 31st day after the election (E.C. § 15621).
- If election is conducted in more than one county the request may be filed within five (5) days beginning on the 31st day after the election (E.C. § 15620).

Notice of Recount
